# WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

3. NPIC. R-403/64, Launch Area B, Plesetsk ICBM Complex, USSR, Jun 64 (TOP SECRET RUFF)

BASIC DESCRIPTION

At Launch Site 4, a large parking apron has been constructed at the north end of the loop road connecting the launch points. A large building is under construction in the site support facility, and a hardened communications facility is under construction at the south end of the site support facility.

No significant changes have occurred at Launch Site 5 since the cutoff date for the latest existing report, 14 October 1966.
